If the rubber tire conquers the street traffic its next struggle is with the railroads of the country, and then the greatest battle between economic forces ever fought out on the face of this earth is on, for iron is the undisputed master in transportation, and is fortified behind billions of dollars,

But iron is a stubborn metal and has mastered every wheel that turns; has fought battles with every element above and beneath the earth and has never tasted the wormwood of defeat, and when rubber hurls its full force against this monarch of the Mineral Kingdom, it may rebound to the factory stunned beyond recov-

## How to Prevent Croup.

It may be a surprise to you to earn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.
